TECHNICAL COOPERATION PRICE LIST
JULY 2007

TRANSMITTERS

Brand and model	Notes	Price in €
AEV Electronics SIRIO 25	25 Watt trasmitter	1.000
DB Elettronica KCL30	Digital/analog audio compatible FM exciter . Superior audio quality for composite or mono operations. Graphic LCD front panel display for full control and measurements. 0 - 30 W out , 87.5-108 MHz touch frequency setting, SCAs, mono/MPX, dynamic limiter	1.450
DB Elettronica PM60	Compact high quality-signal FM transmitter . 0-60 W out adjustable, synthesized, agile frequency setting, excellent S/N ratio (> 78 dB), SCA/RDS inputs, electronic protections, complete metering.	1.500
AEV Electronics SIRIO 60 TS	60 Watt stereo trasmitter	1.850
DB Elettronica KCL60	Digital/analog audio compatible FM exciter . Superior audio quality for composite or mono operations. Graphic LCD front panel display for full control and measurements. 0 - 60 W out , 87.5-108 MHz touch frequency setting, SCAs, mono/MPX, dynamic limiter	1.850
AEV Electronics SIRIO 100 TS	100 Watt stereo trasmitter	2.150
DB Elettronica PM120	Compact high quality-signal FM transmitter . 0-110 W out adjustable, synthesized, agile frequency setting, excellent S/N ratio (> 78 dB), SCA/RDS inputs, electronic protections, complete metering.	1.650
DB Elettronica KCL120	Digital/analog audio compatible FM exciter . Superior audio quality for composite or mono operations. Graphic LCD front panel display for full control and measurements. 0 - 110 W out , 87.5-108 MHz touch frequency setting, SCAs, mono/MPX, dynamic limiter	2.000
DB Elettronica PM200	Compact high quality-signal FM transmitter . 0-200 W out adjustable, new Cold-Fet™ technology, freq. programmable, excellent S/N ratio (> 78 dB), SCA/RDS inputs, proportional foldback protection, complete metering.	1.900
DB Elettronica KCL200	Digital/analog audio compatible FM exciter . Superior audio quality for composite or mono operations. Graphic LCD front panel display for full control and measurements. 0 - 200 W out , 87.5-108 MHz touch frequency setting, SCAs, mono/MPX, dynamic limiter	2.250
DB Elettronica PM300	Compact high quality-signal FM transmitter . 0-320 W out adjustable, new Cold-Fet™ technology, freq. programmable, excellent S/N ratio (> 78 dB), SCA/RDS inputs, proportional foldback protection, complete metering.	2.100
DB Elettronica KCL300	Digital/analog audio compatible FM exciter . Superior audio quality for composite or mono operations. Graphic LCD front panel display for full control and measurements. 0 - 320 W out , 87.5-108 MHz touch frequency setting, SCAs, mono/MPX, dynamic limiter	2.400
AEV Electronics SIRIO 300 TS	300 Watt stereo trasmitter	2.450
DB Elettronica PM500	Compact high quality-signal FM transmitter . 0-550 W out adjustable, new Cold-Fet™ technology, freq. programmable, excellent S/N ratio (> 78 dB), SCA/RDS inputs, proportional foldback protection, complete metering.	3.000
DB Elettronica KCL500	Digital/analog audio compatible FM exciter . Superior audio quality for composite or mono operations. Graphic LCD front panel display for full control and measurements. 0 - 550 W out , 87.5-108 MHz touch frequency setting, SCAs, mono/MPX, dynamic limiter	3.300

AMIS - Agenzia Multimediale Informazione Sociale

AEV Electronics SIRIO 500 TS	500 Watt stereo trasmitter	3.550
DB Elettronica PM1000	Compact high quality-signal FM transmitter. 0-1050 W out adjustable, new Cold-Fet™ technology, freq. programmable, excellent S/N ratio (> 78 dB), SCA/RDS inputs, proportional foldback protection, complete metering.	4.600
DB Elettronica KCL1000	Digital/analog audio compatible FM exciter . Superior audio quality for composite or mono operations. Graphic LCD front panel display for full control and measurements. 0 - 1050 W out , 87.5-108 MHz touch frequency setting, SCAs, mono/MPX, dynamic limiter, remote control & telemetry (opt.) .	4.950
AEV Electronics SIRIO 1000 TS	1000 Watt stereo trasmitter	4.300
AEV Electronics SIRIO 2000 TS	2000 Watt stereo trasmitter	8.350
DB Elettronica PFS 2000/P	2000 W solid state FM transmitter composed of: PM 60 (Compact high quality-signal FM transmitter. 0-60 W out) KFS 2000 (0-2.000 W out (adj.) with 0-40 W input. amplifier) 19" cabinet.	10.200
AEV Electronics SIRIO 3000 TS	3000 Watt trasmitter with SIRIO50TS stereo exciter	16.800
DB Elettronica PFS 3000/P	3000 W solid state FM transmitter composed of: PM 120 (Compact high quality-signal FM transmitter. 0-110 W out) KFS 3000 (0-3.000 W out (adj.) with 0-60 W input. amplifier) 19" cabinet.	14.100
AEV Electronics SIRIO 5000 TS	5000 Watt trasmitter with SIRIO10TS stereo exciter	24.300
DB Elettronica PFS 5000/P	5000 W solid state FM transmitter composed of: PM 300 (Compact high quality-signal FM transmitter. 0-320 W out) KFS 5000 (0-5.000 W out (adj.) with 0-120 W input. amplifier) 19" cabinet.	21.650

NOTES: We also can provide a fullrange of Tube amplifiers and transmitters, DAB transmitters, remote,telemetry and changeover systems. For options and special needs please contact us

ANTENNA SYSTEMS

Brand and model	Notes	Price in €
AEV Electronics Wide band antenna system	2 x aluminium dipole , MAX 800 W, 5 db gain (including 2-way wideband power splitter N IN and RG213 cable)	800
AEV Electronics Wide band antenna system	2 x steel dipole , MAX 2000 W, 5 db gain (including 2-way wideband power splitter 7/16" IN and 1/2" cable)	1.150
DB Elettronica 2P1/716/78	Antenna system composed by: 2 x P1 7/16 dipoles , 1 x ACS2 78-716 splitter, 2 x CAV 3 1/2 7/16 connecting cables. Maximum power 3 kW. Gain 4 db	850
AEV Electronics Wide band antenna system	4 x aluminium dipole , MAX 2000 W, 8 db gain (including 4-way wideband power splitter 7/16" IN and RG213 cable)	1.550
AEV Electronics Wide band antenna system	4 x steel dipole , MAX 2000 W, 8 db gain (including 4-way wideband power splitter 7/16" IN and 1/2" cable)	2.100
DB Elettronica 4P1/716/78	Antenna system composed by: 4 x P1 7/16 dipoles , 1 x ACS4 78-716 splitter, 4 x CAV 3 1/2 7/16 connecting cables. Maximum power 5 kW. Gain 8 db	1.600
AEV Electronics Wide band antenna system	6 x aluminium dipole , MAX 2000 W, 9.5 db gain (including 6-way wideband power splitter 7/16" IN and RG213 cable)	2.200
AEV Electronics Wide band antenna system	6 x steel dipole , MAX 5000 W, 9.5 db gain (including 6-way wideband power splitter EIA 7/8" flange IN and 1/2" cable)	3.600
DB Elettronica 6P1/716/78	Antenna system composed by: 6 x P1 7/16 dipoles , 1 x ACS6 78-716 splitter, 6 x CAV 3 1/2 7/16 connecting cables. Maximum power 5 kW. Gain 10 db	2.150

NOTES: We can also provide a fullrange of radio link antennas (from 45 MHz to 14.9 GHz), omnidirectional (vertical/horizontal and circular polarization) and directive dipoles, parabolic and yagi antennas, splitters and filters (low pass, band pass, combining), cables and connectors

PROCESSORS, ENCODERS and RDS

Brand and model	Notes	Price in €
AEV Electronics XTREME II FM	5 Band FM digital audio processor. AES/EBU digital input/output with SRC, 24 bit A/D D/A converter, digital stereo encoder, asynchronous RS232 serial port	4.200
AEV Electronics MIRAGE MPX	3 Band analog audio processor with stereo coder	1.300
DB Elettronica SAP 03	Analog audio processor. Settable AVG/PEAK program to optimize compression, expansion and limiting functions. Three sub-band operations.	1.650
DB Elettronica FLD-05-SE	Digital audio processor. Five sub-band operations. Includes built-in stereo enhancer and PC software.	2.600
AEV Electronics STARGATE	Digital stereo encoder + composite processor + RDS encoder	1.000
AEV Electronics STARLIGHT II	Digital stereo encoder + composite processor	750
DB Elettronica LM-SE-02	Stereo enhancer, digital stereo generator, MPX clipper, limiter and PC software.	1.800
DB Elettronica MOZART 03	Digital stereo generator. New "MSC™" technology for top quality audio. Superior stereo separation (> 78 dB) in the whole band (10 Hz ÷ 15 kHz). S/N ³ 84 dB.	900
DB Elettronica SE-DS-L04	Digital stereo generator with Radio Data System (RDS). Includes limiter, stereo-enhancer, MPX clipper, and PC software.	1.950

CONSOLES

Brand and model	Notes	Price in €
AEV Electronics UMR 6200	Broadcast console 6 input and 2 telephone hybrid	1.150
AXEL Technology Oxygen T	Mobile console in suitcase (works battery). (4 x input module, 1x telephone hybrid)	From 2.000
AEV Electronics BSM 622 MKIII	Broadcast console 6 input and 2 telephone hybrid	1.150
AXEL Technology Oxygen 3	Console with eq. control, unbalanced inputs, 3 mic/line, +2 line/line, +1 phono/line, +2 telephone hybrid	1.400
AEV Electronics MM512	Modular console , 12 input mainframe	from 2.600
AXEL Technology Oxygen 4	Professional Broadcasting Console Fully modular (10,20 or 30 modules)	from 3.500
AEV Electronics SYNAPSE	Modular console , 16 input mainframe	from 5.500
AXEL Technology Oxygen 5	Professional Broadcasting Console Fully modular (16 or 28 modules)	from 5.500

AEV Electronics ENERGYA	Fully digital ON AIR console with 24 input channels on 8 faders. 4 mic input with voice processor, 4 AES/EBU digital input, 16 balanced analog input	from 6.500
AXEL Technology Oxygen 7	Professional Broadcasting Console Fully modular (10,20,30 or 40 modules)	from 7.500

NOTES: Modular consoles can be configured according to the necessities of the customer. Prices indicated refers to basic configuration

TELEPHONE HYBRID

Brand and model	Notes	Price in €
AXEL Technology BOXTEL	1 line (2 wire) compact telephone hybrid	200
AEV Electronics ITB 201 MKII	2 lines telephone hybrid Balanced input/output, 2 telephone lines alternatively ON AIR	500
AXEL Technology MACROTEL 5 PLUS	2 lines (2 and 4 wires) studio telephone hybrid	650
AEV Electronics ITB 302	Dual line digital hybrid Balanced input/output, independent balanced input/output for each telephone line. Digital echo canceller, meeting function, 2 and 4 wire connection	1.300
AXEL Technology MACROTEL 7 PLUS	2 lines (2 and 4 wires) studio telephone hybrid	1.000
AXEL Technology MACROTEL D2	2 lines (2 and 4 wires) studio digital telephone hybrid	2.050
AEV Electronics TELEREPORTER PLUS with INTERNAL GSM	Portable digital hybrid with internal GSM with suitcase and headset 2 balanced mic/line input, 1 REC out, 2 headphone out, digital echo canceller	1.550

We can also provide a fullrange of broadcast products:

Audio switching and distribution systems

Time synchronization systems

Radio automation software

A/D D/A Audio converters

Network interface

Audio matrix

Safety unit

Automatic voltage regulators

Lightning protection systems

Flash recorder

Hybrid for mobile phones
